

Language

MNEK

Somehow we got lost in translation
Now I have no clue where I am
What we have is damaged
Your heart is a language
That I'll never understand
Baby 'cause now I feel there's no communication (no communication)
Nothing we've got and out of hand baby
What we have is damaged
Your heart is a language
That I'll never understand
That I'll never understand
That I'll never understand
