

## Looks Like Rain

Mo Pitney

I don't have to open up my eyes  
Crawl out of bed or raise the mini blinds  
Look likes rain  
Looks like rain

Turn on the TV worthless weatherman  
Perfect day for all your outdoor plans  
Looks like rain  
Looks like rain

Walk out and grab the paper  
The neighbor's cutting grass  
What's wrong with him, guess he hasn't heard  
She packed up the blue sky  
And took it on that plane  
There ain't been no sunshine since she went away

No, that's not a shadow on the ground  
That's just a cloud that follows me around  
Looks like rain  
Looks like rain

I'd love to close up this umbrella  
Put a pair of Ray Bans on  
Lay down on some beach  
'Cause the clouds are gone  
But the best that I can hope for  
Is just get through the day  
And then wake up tomorrow  
To a lighter shade of gray

I know some day the sun will shine again  
Right now, I'd probably better head back in  
Looks like rain  
Looks like rain  
Looks like rain
