

Old Friend

Mo Pitney

Old friend
It's good to know that's what you've been
Through thick and thin
You stood by me

Old friend
We were so much younger then
But we sure roped the wind
Ridin' through this thing called life

Don't know where I'd be without
The kind of friend I'm missin' now it's true
The only light I ever had
Through the good and through the bad was you
Old friend

It's hard to think a friend like you
Is something I could ever lose or win
But I'm glad that for a moment's time
I had you right here by my side
Old friend

Old friend
I wish it was what could have been
I hope you know you'll live again
In my memory
Old friend
