

# 'Til I Get Back To You

Mo Pitney

I've been out here on the wind  
My mind and wheels are spinning like some record on the radio  
Another lonely state I'm in  
Another don't know where I've been  
Down this long hard road

Right now, the sun is going down  
Over some ol' dusty town I'll be blowing through  
And I've been thinking 'bout your smile  
Counting each and every mile  
Till I get back to you

The humming of the highway is a lonesome sound  
And if I had it my way I'd slow it all down  
Have my arms around you

Till I hang up all this travel  
And hear that driveway gravel underneath my boots  
I'll be putting on the speed  
'Cause I know I won't feel like me  
Till I get back to you

The humming of the highway is a lonesome sound  
And if I had it my way, I'd slow this rig down  
Put my arms around you

There's moonlight on the dashboard  
Headlights on the billboards  
Yeah, the world is blue  
I'm running on empty here tonight  
And I won't feel alright  
Till I get back to you  
Till I get back to you  
Till I get back to you
