

Keep Møving

MØ

Ah, ah, ah
Gotta go far
Gotta be rich and be a rock star
Gotta have kids, get a big car
Follow your heart into the darkness
Go, you don't wanna blow
And this circus wait for no one
Don't ask
Don't relapse
"Am I gonna crash?"
No you want, just

Keep moving
Keep moving
With the soul of this absolutely crazy world
Keep moving
Forever
With the soul of this absolutely crazy world

Gotta go far
Kill your idols
Crash the car
When they go soft
Gotta go hard
Ain't no stopping when I start, no
Go, you don't wanna blow
Endless circus wait for no one
Don't ask
Don't relapse
"Am I gonna crash?"
No you want, just

Keep moving
Keep moving
With the soul of this absolutely crazy world
Keep moving (Keep moving)
Forever (Forever)
With the soul of this absolutely crazy world

I wonder will I ever be free
Out there swinging naked like a winter tree
Want to be
Still at ease
Still at ease
I wonder will I ever be free
Out there swinging naked like a winter tree
Want to be
Still at ease
All the live long day

Fast
Going too slow
Breaking you down just like Monroe
Keeping it hot
Never gets cold
But when it does
It's over

Oh, made it so far
Now I'm in Oz but where is the bar?
Give me a brain
Give me a heart
Wanna go home now

Keep moving
Keep moving
With the soul of this absolutely crazy world
Keep moving (Keep moving)
Forever (Forever)
With the soul of this absolutely crazy world

I wonder will I ever be free
Out there swinging naked like a winter tree
Want to be
Still at ease
Still at ease
I wonder will I ever be free
Out there swinging naked like a winter tree
Want to be
Still at ease
All the live long day
