MØ

Haunting me  
The way you touch me  
How it make me scream  
A fantasy  
But you were playing double, now I see

Hating you is overrated  
But you love somebody new. Can't take it  
And I won't stay home. I'm too frustrated  
So, I'll be the one all in dark  
Spinning at 1 a.m. sharp

With a knife in my heart. I'm 'a dance all night  
With a knife in my heart under red, red lights  
I don't know where you are  
You're no longer mine  
Crying, "Na, na, na, na, na, na, na!"

With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife

I'm okay, okay  
But could you call me and cut to the chase?  
Cut to the chase  
Uh-huh  
Or to my face  
Much better off without you anyway

Hating you is overrated  
But you love somebody new. Can't take it  
And I won't stay home. I'm too frustrated  
So, I'll be the one all in dark  
Spinning at 1 a.m. sharp

With a knife in my heart. I'm 'a dance all night  
With a knife in my heart under red, red lights  
I don't know where you are  
You're no longer mine  
Crying, "You're such a loser! How could I be so blind?"

With a knife in my heart. I'm 'a dance all night  
With a knife in my heart under red, red lights  
I don't know where you are  
You're no longer mine  
Crying, "Na, na, na, na, na, na, na!"

With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife  
With a kni-kni-kni-kni-kni-kni-knife  
(Dance the pain away)

Dance the pain away till a bright new day  
I will dance the pain away, til det blur', til det blur'  
Dance the pain away till a bright new day

I will dance the pain away, til det blur' okay

Dance the pain away till a bright new day

I will dance the pain away, til det blur', til det blur'

Dance the pain away till a bright new day

I will dance the pain away, til det blur' okay
