

New Moon

MØ

You don't know me anymore
You don't, do ya?
This silver dress feels like a cure
It's like, "Ooh, ya"
I don't see a metal door
I look through ya
Right at my future

Used to drain me and push me and pull me
But I'm not that somebody that you used to bully

Don't you know it's a new moon?
And I'm over you
Over you
Don't you know it's a new moon?
And I'm over you
Over you

Bringing me- bringing me-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down
Over you now, now, now
Over you- Over you-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down
Over you now, now, now
Over you- Over you-

You're the bitter, I'm the sweet
You know I'm right yeah
And I feel good out here with me
With every fiber
Making lightning in the heat
Shooting fire
It's about to rise, yeah (I'm 'bout to rise, yeah)

Used to drain me and push me and pull me
But I'm not that somebody that you used to bully

Don't you know it's a new moon?
And I'm over you
Over you
Don't you know it's a new moon?
And I'm over you
Over you

Bringing me- bringing me-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down
Over you now, now, now
Over you- Over you-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down

Over you now, now, now
Over you-

Treating me like that
Spinning me like that
You kept ripping up my emotions
Calling it devotion
You won't get away with that
Spinning it like that
I was drowning in your ocean
Now I'm done with that

Don't you know it's a new moon?
And I'm over you
Over you
Don't you know it's a new moon?
And I'm over you
Over you

Bringing me- bringing me-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down
Over you now, now, now
Over you- Over you-
Bringing me down, down, down
Bringing me down, down, down
Bringing me- bringing me- bringing me down, down, down
Over you now, now, now
Over you- Over you-
