

Secrete Bounce

MØ

I got the skinniest, prettiest body in the whole wide world
Every boy in town wants me to be their girl
But I'd rather wanna hang out on the coach
Inhaling air-breeze
Grease me up with loafas of spinach
And I'll eat myself in one minute
(Yeah, yeah)

Then I'll pass out in the largest orgasm of the galaxy
That's just me
That's my secret
And my body isn't sacred
Don't be jealous or offended (no)

I just love myself so much
That I don't even have to touch
I just love myself so much
That I don't even have to touch

That's my secret, that's my secret
You wanna buy it?
That's my secret, that's my secret
You wanna buy it?

Yeah
