

# The Sea

MØ

Sweet friend of mine  
Where can we find the dancing sun?  
Oh, last night was fun, like the rest going by  
My youth and I

Still don't know what you're waiting for  
But you don't wanna be left alone  
Oh, lonely days  
Escape the world we're waiting for  
Get a good game, going back from the rising water

(Come along, come along, come along)

So come along with me  
'Til we're breaking free  
'Cause I can't stop following dreams  
We'll rise in waves and waters  
In the sea, you will carry me

So come along with me  
'Til we're breaking free  
In stormy nights, we can be free  
I'll dive into the sky  
In the sea, you will wait for me

Sweet friend of mine  
My blood's on fire, so hold me tight  
The dust closing in is leaving us blind  
My love and I

Still don't know what you're waiting for  
But you don't wanna be left alone  
Oh, lonely days  
Escape the world we're waiting for  
Get a good game, going back from the rising water

(Come along, come along, come along)

So come along with me  
'Til we're breaking free  
'Cause I can't stop following dreams  
Our longing days are over  
In the sea, we were meant to be

So come along with me  
'Til we're breaking free  
In stormy nights, we can be free  
I'll dive into the sky  
In the sea, you belong to me

(Come along, come along, come along)  
So come along with me  
Oh, carry me, carry me home
