

True Romance

MØ

All I see is trouble when I open up my eyes.
Don't know who caused this riot, don't care for the reason why.
(No!) All my life I've looked for answers, is it worth the try?
You know what is evil, who is cool to carry on. Please why? (I
Go!)

Ooh, ooh, ooh, ooh. Come baby, suck my heart.
(I Go!) ooh, ooh, ooh, ooh. Show me how to be right. (Let's for
get about that!)

I just want true romance, true romance, true romance.
I just want true romance. This kiss is gonna take me for a danc
e, true romance.

All I know is that I wanna grow to be a queen someday.
Don't know how to get that, but I pray these streets won't lead
me a stray. (I say!)

Ooh, ooh, ooh, ooh. Come baby, suck my heart.
(We say!) ooh, ooh, ooh, ooh. Show me how to be right. (Let's f
orget about that!)

I just want true romance, true romance, true romance.
I just want true romance. This kiss is gonna take me for a danc
e, true romance.

Come on baby, I know that you care. I know that you care for me
. Don't let the fear eat me alive, boy!
Come on baby, I know that it's hard. I know that it's hard to s
ee, but I can be a good girl if you help me!

I just want true romance, true romance, true romance.
I just want true romance. This kiss is gonna take me for a danc
e, true romance.
