Mobb Deep

You're listening  
What's up with you niggas?  
Dead on that, that's enough of you niggas  
Ayy, easy, bruh  
You best take it easy, bruh  
What's up with you, bitch?  
I'm tired of your pussy, had enough of you, bitch (Ha)

Assault niggas in they own fluid  
Fuck a vest, his head go straight through it  
Fuck a gun in your face, I punch straight through it  
Fuck a fair fight, you get jumped out here with theme music  
In sync with the bass bottom, your pain throbbin'  
Maybe now you'd learn some sense that's calmin'  
Niggas mad, put a cape on 'em  
Now they super-mad, we gettin' all this  
Longevity in hip-hop  
The run is endless, our cash don't stop  
You the great pretender, you not this hot  
I'll boil over, I'll melt the whole pot  
My fans are crazy, you might get shot  
You speak on me wrong, your head get whop

I walk her like a dog, muzzle and a chain on her

Straight from the bottom of the barrel  
Now I'm sittin' pretty like the king and pharaoh  
Gucci cologne drippin' off our apparel  
Get too close, have you starin' down a barrel  
Rippin' through the marrow, hollows'll have you laid up  
Nigga whole style is chump  
Life made up, you could never play us  
Actin' brand-new, why you tryna change up?  
Softer than my lil' bitch who like to play rough  
Beef just a lil' bit with us, dangerous  
Other side of the pencil, I'll erase ya  
We draw our guns and you a tracer  
QB, nigga, that ain't how they raised us  
Give nigga light show, red lasers  
You just light work, walkin' on a tightrope  
Fuck outta here with your lil' high hopes
