Mobb Deep

Cause I'm so smooth

Salute

Yup

King of all kings, Don of all Dons  
Chief of all chiefs, God of all Gods  
Fuck all the debating and conversation about who the top niggas that rap  
Me and H is the most likely to beat a nigga up  
And still clap a nigga, oh, you thought I was done?  
I'm fiending for a nigga to approach me, raise up  
I'm dying for a nigga to try it, have some fun  
I'm busy getting money called back, bitch  
The highlight of your life is my part, facts  
It's so embedded in my DNA (Uh)  
To be a fly thug, nigga, how my pop raised me  
Young, handsome in my gunfire  
I'm so cool, she don't wanna leave my side  
'Cause I'm so smooth  
G minded, infamous minded  
They wanna hear rap like this, but can't find it  
Where it at?

As we tag niggas with that heavy breath

Quiet mouse niggas get it, he ain't even said a thing

Legendary motherfuckers gon' remember me

Even if you got that alzheimer's

Piss on niggas like a panty liner

These whack rap rappers couldn't even have me more lava

Gun don't bust, these little niggas try to try ya

Why I shoot first? Question last

Talkin' to myself, why they test you half?

Old niggas think somethin' sweet

They mute when the gutters speak

You cowboys got them little guns

My burners reach like warheads to foreheads

Meanin' they all dead

I'm that forbearer

First to let you know we livin' in a soft era
