

# Look At Me

Mobb Deep

Wavy  
Never looking back  
Yeah

Nothin' that you sayin' makes sense to me (What?)  
I can't comprehend, you not talkin' money (Uh-uh)  
Real nigga shit only language I speak  
Niggas be dumbstruck, they gon' die hungry  
I'm crafty, real foxy  
My reptilian brain'll have you curled up tryna stop bleedin'  
Good nigga, I'm chill like the icebox  
Hood nigga, I'm sorry if you not  
Relatin' to a soldier, how could you? (How?)  
You a civilian, so how would you? (How?)  
Understand the life of power and privilege (Uh)  
You not privy to this grown-folk business (You not)  
Lil' nigga, stay on your rung  
And watch your fuck mouth, I'll cut out your tongue  
It's crazy (Yeah), 'cause all we want is laughter and love (Uh)  
And so we must keep the fuckers from around us (Beat it)

Keep them from around us, hit 'em with the pounders  
They do not astound us, nigga, it's about us  
Built it from the ground up, stop frontin', crown us  
Not the same without us, give my nigga flowers  
Keep them from around us, hit 'em with the pounders  
They do not astound us, nigga, it's about us  
Built it from the ground up (No turning back), stop frontin', crown us  
Not the same without us, give my nigga flowers (Yo, what Hav' say?)

Think you got a solid shot? Nigga, give it what you got  
Get your pasta popped, I'll just let your karma rock  
Heard she was a solid thot, had him calm and nuttin'  
Y'all be trustin' these hoes, that's what got him knocked  
If it's anything that I ever learned  
If the roof is on fire, let that motherfucker burn  
I ain't into holdin' hands, hand is on the straps (It can)  
Shit can happen anywhere, with a lie, that's all facts (Ah)  
Lay 'em like a doormat, bitch, you know the format  
Eyes on the door when I'm meetin', that's the norm, black  
Let me have to launch that, shit get nasty  
Get up outta there in a hooptie, nothin' fancy  
Last of a rare breed, youngins, they admire me  
Niggas wanna spite me, got 'em treadin' lightly  
Nothin' don't surprise me (Yeah), heard you got a bounty (One more time)  
On a nigga head, keep them niggas from around me

Keep them from around us, hit 'em with the pounders  
They do not astound us, nigga, it's about us  
Built it from the ground up, stop frontin', crown us  
Not the same without us, give my nigga flowers  
Keep them from around us, hit 'em with the pounders  
They do not astound us, nigga, it's about us  
Built it from the ground up, stop frontin', crown us  
Not the same without us, give my nigga flowers

I'd rather rhyme with your spirit than these other niggas

Ten years from now, question is, who was them niggas?  
Came in the game arm in arm with my brother, nigga  
All I see is murder, so it's really fuck them other niggas  
East Coast drug dealer, every Cuban smother niggas (Uh)  
See, they hate harder when they know the bitches love a nigga (Yeah)  
All we make is coupe music, make you drop your top down  
Think these niggas ready, son, take 'em to the block now  
Always wanna meet the plug, tell 'em niggas, "Not now"  
See you got a lot to say only when the cops 'round  
Never left the trenches, project benches (Uh)  
Bottega wishes, bodega senses (Yeah)  
Any time we mentioned, all you hear is classics  
Kilo, asterisks, doin' gymnastics (Uh-huh)  
Cop it up and crash it (Yeah), all the guns is plastic (Uh)  
Lookin' at you has-beens, nothin' like you bastards

Keep them from around us, hit 'em with the pounders  
They do not astound us, nigga, it's about us  
Built it from the ground up, stop frontin', crown us  
Not the same without us, give my nigga flowers  
Keep them from around us, hit 'em with the pounders
