The sky, the sky falls down  
I think about a getaway down south  
I stumble, my feet have been dragging too slow  
Now I'm down and out  
Drifted apart, the silence broke  
No one can take anything anymore

I'll change my words if I could  
I'll change my words if I could

Cause there's no time, there's no hold  
As I dive in control  
Waitin' for somethin' you would do or say

I'll change my words if I could  
I'll change my words if I could

The sky, the sky falls down  
I think about a getaway down south  
I struggle, my feet have been moving too slow  
Now I run out of words  
No one's quenching my thirst  
I hear the far away laughter  
Over and over  
Louder and louder  
Questions unanswered  
I see the past drift away in the future

Drift away in the future  
Drift away in the future

I'll change my words if I could  
I'll change my words if I could

There's no time, there's no hold  
The streets are lined up with gold  
Linger all night, have you come to stay

I'll change my words if I could  
I'll change my words if I could

Tearin' a hole in my heart  
A hole in my heart  
Tearin' a hole in my heart

Tearin' a hole in my heart  
A hole in my heart  
Takin' a hole in my heart no more  
Tearin' a hole in my heart  
A hole in my heart  
Tearin' a hole in my  
Tearin' a hole in my  
Tearin' a hole in my  
Tearin' a hole in my heart  
A hole in my heart  
I wanna feel anymore

I'll change my words if I could  
I'll change my words if I could  
I'll change my words if I could  
I'll change my words if I could

What's got to you  
What it's all about  
The color of spring has faded out  
They cut you loose  
They pulled you out  
They pushed your head against the ground

I'll change my words if I could  
I'd change my words if I could

What's left of you lies in the dark  
The colour of dreams is fading out  
They cut you loose  
They pushed you out  
Still I can't change the way I feel for you  
I'll take you back to that summer  
(I'll change my words if I could)  
We'll see it through

Cause there's no time, there's no hold  
As I dive in control  
Waitin' for somethin' you would do or say

I'll change my words if I could  
I'll change my words if I could
