

Hoochie

Moby Grape

We will meet down in the valley
Where it's hot, even in the shade
We will drink love's sweet nectars
And we'll dream of plans we made

Well, if you ask me, will I love you
If you ask me, how will I know?
I'll just look into your eyes and touch your soul
I'll just look into your eyes and touch your soul

We'll meet again, again at sunset
High up on the hill
I'll be sitting, just a-wishing
As a lonely whip-poor-will

If you ask me, will I love you
If you ask me, how will I know?
I'll just look into your eyes and touch your soul
I'll just look into your eyes and touch your soul

We will meet up there in heaven
When life has passed us by
But now I don't know, I don't know what's up there
Beyond the clear blue sky

But if you ask me, will I love you
If you ask me, how will I know?
I'll just look into your eyes and touch your soul
I'll just look into your eyes and touch your soul
Just touch your simple soul
