

# Open Up Your Heart

**Moby Grape**

Open up your heart to me  
I've loved you from the start  
well love is only just a game  
so come and play with me

And if you're lonely  
whoa if only  
and if you're lonely  
whoa if only

Take the time to realize  
it's me you're falling for  
I see it in your lonesome eyes  
you're falling for my spell

And if you're lonely  
whoa if only  
and if you're lonely  
whoa if only
