

The shadowy darkness  
Of a black painted room  
Had been my inspiration  
Sunshine, glow of her short blond hair  
Was a bit of love's temptation

People come and people go  
(Lord)  
Time, alas, does too  
(Baby, no matter)  
Now we've gone our separate ways  
In search of someone new

The lamp from the ceiling  
The bed on the floor  
The place I hung my clothes  
The beautiful dreams of music and love, girl  
I love you, heaven knows

People come  
(Girl)  
And people go  
(Yeah)

Time, alas, does too  
(Girl, yes it is)  
Now we've gone our separate ways  
In search of someone new

Yeah, but while I speak low  
Low deep inside  
I hear a voice begin  
(Yeah)

Saying fare thee well  
Goodbye, my love  
(Lord)  
Hope we meet again  
Said bye bye, baby  
Bye bye, bye bye, baby

Yeah, so long, baby  
I'm sayin', "Goodbye, girl"  
It's been nice  
(Yeah)  
Yeah good, baby  
Man, I love ya

Bye bye, bye bye
