

# A Simple Love

Moby

A simple love  
The saving kind  
The clueless sadness tries to feast on sand  
Please believe this, try to know  
That we will save you then

Like stars are flashing by  
The world will get one chance at life  
I can see the net of heaven  
Close, in hop of days I love

One life away  
(keep me from fear)  
Like endless days  
(keep me from doubt)  
Don't let us down now  
(keep me from dying with the things I lived without)

One life away  
(just give me kindness)  
Like endless days  
(lit from above)  
Don't let us down now  
(just give me hope)  
Don't let us down now  
(a simple love)

Please believe me when I say:  
The love you sent was old and looking back  
So please believe me and you'll know  
I will see you then

Old cases walking by  
The world will live again tonight  
I can't see the world of heaven  
Rose, in hope of days I loved

One life away  
(keep me from fear)  
Like endless days  
(keep me from doubt)  
Don't let us down now  
(keep me from dying with the things I lived without)

One life away  
(just give me kindness)  
Like endless days  
(lit from above)  
Don't let us down now  
(just give me hope)  
Don't let us down now  
(a simple love)

Keep me from fear  
Keep me from doubt  
Keep me from dying with the things I lived without  
Just give me kindness

Lit from above  
Just give me hope
