

## fall back

Moby

Leave me alone  
Don't know what's wrong  
Felt like this for too long  
Can't you just go  
So I don't have to talk about it  
So I can escape silent  
So I don't have to think about it

I wanna fall back into a dream  
Into a dream  
Into a dream  
Into a dream  
I wanna fall back into a dream  
Into a dream  
Into a dream

You know my heart won't wait  
You know my mind won't fade  
Why don't you try my way?  
Try it my way  
Try it my way  
Try it my  
Try it my way  
Try it my  
Try it my way

Take in your thoughts  
Block out the noise  
Do I have the power to see?  
Cuz I was having these really weird dreams  
What do they really mean to me?  
Been confused of this  
Thinking I'm new to this  
All I can see was  
You and me  
You and me

I wanna fall back into a dream  
Into a dream  
Into a dream  
Into a dream  
I wanna fall back into a dream  
Into a dream  
Into a dream

You know my heart won't wait  
You know my mind won't fade  
Why don't you try my way?  
Try it my way  
Try it my way

You know my heart won't wait  
You know my mind won't fade  
Why don't you try my way?  
Try it my way  
Try it my way

I wanna fall back into a dream  
Into a dream  
Into a dream  
Into a dream  
I wanna fall back into a dream  
Into a dream  
Into a dream
