

Last Summer

Moby

Do you think about last summer (Yeah)
And all the colours? It makes me wonder (Yeah)
Do you think about last summer (Yeah)
When we were lovers? Felt like forever (Yeah)

Hypnotized
I can't forget about your crystal eyes, yeah
You and I
Said we're gonna keep the flame alive

'Cause all the kids, they don't sleep tonight
They don't sleep tonight, oh

Do you think about last summer (Yeah)
And all the colours? It makes me wonder (Yeah)
Do you think about last summer (Yeah)
When we were lovers? Felt like forever (Yeah)

And all the kids, they don't sleep tonight
We don't sleep tonight, no
And all the kids, they don't sleep tonight
We won't sleep tonight, no
Do you think about last summer?

(Yeah)
(Yeah)
(Yeah)
(Yeah)

Angel eyes
Lights crashing down the 405, yeah
I'm at the borderline
You know my heart's frozen in time

Do you think about last summer (Yeah)
And all the colours? It makes me wonder (Yeah)
Do you think about last summer (Yeah)
When we were lovers? Felt like forever (Yeah)

And all the kids, they don't sleep tonight
We don't sleep tonight, no
And all the kids, they don't sleep tonight
We won't sleep tonight, no
Do you think about last summer?

(Yeah)
(Yeah)
(Yeah)
(Yeah)

Do you think about last summer (Yeah)
And all the colours? It makes me wonder (Yeah)
Do you think about last summer (Yeah)
When we were lovers? Felt like forever (Yeah)

And all the kids, they don't sleep tonight
We don't sleep tonight, no

And all the kids, they don't sleep tonight
We won't sleep tonight, no
