

This Wild Darkness

Moby

Apportioned like madness in season
Bracing all like a breaking of reason
With every night lost, and every day torn
With a drama feeling calmer it's a comma in the storm
Speakers are crying like a forest in the rain
I was so alone with my thoughts and my pain
And the darkness closed like a mouth on a wire
And night, I'll never be free

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way

I can't stand on my own anymore
I can't stand in the stain of the broken and poor
I can't break what I held and it never was true
In the mirror what I said was I lied to you
And me and everything I see and everything I could
I tried so hard to be good
For myself, for you, for the hidden and divine
For everything but I can fail just so many times

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way

I can't stop when I feel like stopping
At 5 A.M. just cry, shoot, copping
The perfect life was enough for you
But never enough to see me through
For all the lies that were spoken in ways
And the way we lived as an affront to the days
It was an affront to the things that we cared about
Was an affront to everything that we cared about

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way

Light my way

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way

Ooh, in this darkness
Please light my way
Light my way
