# Bandung

**Mocca**

There's a little city
Covered with hills and pleasant weather
Come on baby I'll show you around

In my little town
Every corner tells you different stories
There's so many treasures to be found

Welcome to flower city
My lovely city

Roses blooming pretty
People say that home is where the heart is
It's a place with so much history

Friendly Bandung city
Holds the past of ancient glories
and a thrilling future mystery

Welcome to flower city
My lovely city
My friendly city
My beloved city

Even though it gets so overcrowded
When I'm sitting in my car that stuck for hours
But I love it anyway

Welcome to flower city
My lovely city
My friendly city
My beloved city
