

# Brand New Day

**Mocca**

Another day has gone, another storm just passed  
Now I'm happy living without you  
A closed door to my past, new chances wait ahead  
I'm happy moving on without you

Papapa parapapa, papapa parapapa  
Papapa parapapa, papapa papapa

Another day has gone, another night just passed  
My life is now complete without you

Put on my dancing shoes, now it's time to swing

It's a brand new day, it's a brand new life  
It's a brand new me and I'm walking in the sun  
It's a brand new day, it's a brand new life  
It's a brand new me as I walk among the stars

Papapa parapapa, papapa parapapa  
Papapa parapap, papapa papapa

Another day has gone, another night just passed  
My life is now complete without you

Put on my dancing shoes, now it's time to swing

It's a brand new day, it's a brand new life  
It's a brand new me and I'm walking in the sun  
It's a brand new day, it's a brand new life  
It's a brand new me

It's a brand new day, it's a brand new life  
It's a brand new me and I'm walking in the sun  
It's a brand new day, it's a brand new life  
It's a brand new me as I walk among the stars

It's a brand new day, it's a brand new life  
It's a brand new me and I'm walking in the sun
