

## Last Piece

Mocca

There was a hole in my heart  
It's been there since the start  
it was so empty and hollow  
'til you came along

La la la la. You are the missing piece  
La la la la. You are the missing piece

I was trapped in a maze  
My mind was spinning around  
I didn't know how to solve this puzzle  
and then you came along

La la la la. I guess you're the last piece  
La la la la. I guess you're the last piece

I'm gonna lock my heart now  
I am gonna lock my heart now  
and throw away the key

La la la la. I guess you're the last piece  
La la la la. I guess you're the last piece  
La la la la. I guess you're the last piece  
La la la la. I guess you're the last piece
