You

Mocca

Nobody else
No one can make my dreams come true
'Cause no one can compare to you
Yes it's you, your love makes my wishes come true

I need to know
I need to know that you'd be my home
I need to know that you will always be mine
Though love that would guide my way

It's you, yes it's you that I adore
It's you who makes my life so colorful

It's you, yes it's you that I adore
It's you who makes my life so colorful

Nobody else
No one can make my dreams come true
'cause no one can compare to you
Yes it's you, the love that will guide my way

Oh no! I think i'm in love with you
Oh no! I think i'm in love with you

Oh no!
