

# Avril's Song

Mod Sun

Say your name  
Yeah, yeah, yeah

She blew me a kiss  
And I didn't wanna blow my brains out anymore  
And she is everything I'm not  
Without her I am lost  
I don't know what I am runnin' for

And I can't tell if I am laughing or I'm crying (Crying)  
And I can't tell if I'm alive or I am dying

I sleep next to an angel, but my demons keep me up at night  
If I'm goin' down, you know I'm goin' with a fight  
So buy me flowers and make me such a pretty grave  
And with my last breath, I'd say your name, say your name

She is the only one who cared  
That's why I get so scared  
That one day, I'll wake up and she won't be there (She won't be there)  
I'm such a basket case  
I want my casket laced  
With pictures of your face (Of your face)

And I can't tell if I am laughing or I'm crying (Crying)  
And I can't tell if I'm alive or I am dying

I sleep next to an angel, but my demons keep me up at night  
If I'm goin' down, you know I'm goin' with a fight  
So buy me flowers and make me such a pretty grave  
And with my last breath, I'd say your name, say your name

Oh-oh-oh, oh-oh-oh, oh-oh-oh (Say your name)  
Oh-oh-oh, say your name, say your name  
She blew me a kiss  
And I didn't wanna blow my brains out anymore

I sleep next to an angel, but my demons keep me up at night  
If I'm goin' down, you know I'm goin' with a fight  
So buy me flowers and make me such a pretty grave  
And with my last breath, I'd say your name, say your name

Oh-oh-oh, oh-oh-oh, oh-oh-oh (Say your name)  
Oh-oh-oh, say your name, say your name  
Oh-oh-oh, oh-oh-oh, oh-oh-oh (Say your name)  
Oh-oh-oh, say your name, say your name  
Phew
