

## Blue Cheese

Mod Sun

First of all I'm addicted to fuckin'  
If I ain't bustin' a nut then I ain't comin' for nothing  
I got a bitch that I like to call Benjamin Button  
Because that pussy get smaller no matter how much I'm cutting  
And it's a, muhfucker if I'm up in the function  
Cause every girl want me to smash em just like a pumpkin  
And I ain't sippin on lean but I am double cupping  
Cause she got double D titties and that's what I am touching  
So I'm a bad bitch getter, a good weed hitter  
My ex still talking about me, tell her I don't miss her  
I'm a big dick giver, live it in the liver  
And when I pull it out I bet that bitch will shiver  
Like brrr, god damn my ice cold  
Workin so hard my new money getting old  
I call it blue cheese cause that shit growing mold  
I fucked her so good but made love to that soul  
Dirty finger nails flipping through the big bands, crazy  
Made 20K this week, I was lazy  
Used to keep the weed and adopt it like a baby  
I can't help it if I'm your lady's favie  
I told my plug he owe me a hundred favies  
Cause I bought him out last week in an all black Mercedes  
I need a big old bag that's gonna help me get fadie  
And then I watch her bust it open like she doing Pilates  
Or whatever you call it  
My daddy told me always keep a glove in your wallet  
I be wearing Rick O when I'm lounging  
And other days it's just a bunch of shit you ain't pronouncing  
I, roll up all black cap with no logo on it  
Get that bitch, jump in like a pogo on it  
Obvi Ivy League, trust me you don't want it  
R.I.P. get a tee, put yo photo on it  
Lil bitch you heard me  
You ain't no fuckin rockstar, no ur nerdy  
You sound like you're reading out a fuckin dictionary  
And I ain't even gonna finish this flow bitch I'm in a hurry
