

It's heavy

I said my piece while you just made your bed
You take a little bit of blame, I end up taking all the rest
What am I supposed to do?
Why you make me do the things
Do the things, do the things I do?
You just wanna find some holes in my hands
What I told you was the plan, well it changed up
I'm sorry it ends up this way

I found the truth about you babe, and it was heavy
I just heard some shit that affected me
I never saw it coming, wasn't ready
Look up to the sky, look up to the sky
If heaven is heavy, then we're light as a feather
Hope you're taking it in, cuz it won't last forever
Heavy (Heavy)

(Heavy, yeah, it's so heavy) (Heavy)
I found the truth about you, baby
And it was heavy

You got me stuck in coma
Stomach feeling weak, you're always switching up personas
And we've been social distancing before there was corona
Head is spinning every time I see a Range Rover
All the roses dead, and now my heart froze over
Crown is getting heavy on my head and my shoulders
Heavy like my eyes, I was sleep but I woke up
Heavy like my tears, I'm empty like the ocean
The ocean is empty, hope you know how to swim
Cuz I'm watching you drown, and I'm taking it in
It's heavy

I found the truth about you babe, and it was heavy
I just heard some shit that affected me
I never saw it coming, wasn't ready
Look up to the sky, look up to the sky
If heaven is heavy, then we're light as a feather
Hope you're taking it in, cuz it won't last forever
Heavy (Heavy)

(Heavy, yeah, it's so heavy) (Heavy)
I found the truth about you, baby
And it was heavy
(Heavy, yeah, it's so heavy) (Heavy)
I found the truth about you, baby
And it was heavy
