

Hotel Lights

Mod Sun

Sitting shotgun in a parking lot
Hotel lights flicker on and off
She wears her hair down to cover her face
Lives in the city but feels out of place
I'd leave tonight if she asked me to runaway
(Runaway, runaway)

I'm fallin'
For you
I'm fallin'
It's a long way down, long way down

Been on her own since seventeen
She grew up fast, tried everything
She got addicted to white lines
Already been to rehab three times
Curves of her lips so perfectly traced
The color of red, I would kill for a taste
I'd leave tonight if she asked me to runaway
(Runaway, runaway)

I'm fallin'
For you
I'm fallin'
It's a long way down, long way down

I know I won't be the last
The last to love you
I know I won't be the last
The last to love you

I'm fallin'
For you
I'm fallin'
It's a long way down, long way down
