

Need That

Mod Sun

You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?

How much does words cost, nothin'
Now watch me take nothin'
And turn it into somethin'
The finest things were written
On an empty stomach
Dropped a couple pounds
Yes I done it
And yes I do recommend
You comprehend the fact
That you gon' be all good
As long as you got oxygen
And don't act like I'm
Pointin' out the obvious
Cause lately I see people
Gettin' jealous over confidence
And I'm a show you the difference
Between necessity and accessorie
Yeah we gon' get to the bottom of this
Make a toast, take a sip, and spilt

You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?

Remember that moment
That you can't forget
In which you wish you could
Took down and froze it
You think that memory will
Cost a pretty penny
Instead you get a fro-freeze
See life's not your enemy
And no da-do dat one
A couple other ones
You gon' want an encore
When this things done
Should be like we copied, trace it
Should be easy, simple, basic
And I'm a show you
The difference between
Necessity and accessorie
Yeah we gon' get to
The bottom of this

Make a toast, take a sip, and spilt

You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?

A handlin' cause you ain't got nothin'
If you ain't got nothin' to give
And don't get me wrong
It's great to be here
Great to be anywhere but
How come the time passed by it
Somehow the price keeps risin'
And they just hope we stay quiet
But I ain't never been quiet

You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
You don't need that, you don't need that
Everything you need is free, believe that
You're alive
What more could you ask for?
