

Selfish

Mod Sun

I'm a selfish son of a bitch
Okay now we all know
I think I'm the shit
I guess I'm an asshole
Because everything is better with a little me in it
Everything is better with a little me
I turned glitter into gold
I put that on my soul
Y'all shit ain't that bad but you should probably know
Because everything is better with a little me in it
Everything is better with a little me

And I don't wanna be a narcissist
But I gotta be completely honest
M.O.D. don't stand for modest
Wish it wasn't like this but

I'm a selfish son of a bitch
Oh yeah yeah yeah yeah yeah
I wrote this song for me
Damn it feels so good to be
Me me me me me me
Oh yeah yeah yeah yeah yeah
Damn I look so fuckin good
I gotta stop and give myself a kiss
I'm a selfish son of a bitch
Oh yeah yeah yeah yeah yeah
I'ma always think I'm the shit

Okay now we all know
I think I'm the shit
I guess I'm an asshole
Because everything is better with a little me in it
Everything is better with a little me
I get money on my own
But now everywhere I go they give me free clothes
[?] (I don't blame em tho)
Everything is better with a little me in it
Everything is better with a little me

And I don't wanna be a narcissist
But I gotta be completely honest
M.O.D. don't stand for modest
Wish it wasn't like this but

We will never love each other till we learn to love ourself
We will never love each other till we learn to love ourself
We will never love each other till we learn to love ourself
We will never love each other till we learn to love ourself
