

Well I've been waiting by the shore just watching all the ships
go out to sea

I swear these famous girls will ultimately be the death of me..

.

But something in me says this one right here was sent to me
And every time I kiss her lips it taste just like that Fenty...

Only the good die numb, and we're all getting older one by one
Only the good die numb, so what's wrong with strangers falling
in love?

So let's all celebrate in the new year

Let's all give a fuck this new year

I don't know you but you make me feel something...

And only the good die numb

Only the good die numb

Well I've been smoking with my eyes closed wishing someone would
appear

I been hearing all these words and all of them sound insincere

Well I been waiting in this line for what seems like 10 years..

.

I wanna mean it when I say that "I'm happy to be here"!

Only the good die numb, and we're all getting older one by one
Only the good die numb, so what's wrong with strangers falling
in love?

So let's all celebrate in the new year

Let's all give a fuck this new year

I don't know you but you make me feel something...

And only the good die numb

Only the good die numb
