

## EASY PREY

Moderat

Drive me to the edge and further  
Yes, I know  
Little space to back down  
On your map  
Raised among carnivorans  
A bitter taste  
I am just a low hanging fruit

Easy prey

You watch the show and shout into thin air  
Yes, I know  
A warning meant to go unheard  
Here I walk  
I'm with you, but it's hard to bear  
A bitter taste  
I'm blindly wandering on your lunar sphere
