

## Mi Demonia Amor

## Modern Day Escape

Oh yea  
She get exactly what she  
Wants yea  
With that body that she flaunts  
yea

It's a party in the back seat  
Step on the gas  
Daddy's little girl  
She's on the attack

She says hold tight  
For the ride of your life  
Fire in her eyes  
Going down down me  
Grab another drink  
Fall in love tonight  
Whispers in my ear  
Saying baby won't you come for me

Oh yea  
She get exactly what she  
Wants yea  
With that body that she flaunts  
Yea

Another night  
Down in Orlando  
17 shots and we're ready to go  
Late night with blood shot eyes  
Smelling cocaine dreams feeling paranoid

Never have I met such a gem before  
Hands on my leg and she's looking to score  
Fire in her eyes going down on me  
Whispers in my ear saying  
baby won't you come for me

Oh yea  
She get exactly what she  
Wants yea  
With that body that she flaunts  
Damn  
Ass shaking every time she walks  
Yea  
She's my, she's my demon love

I got  
10 mins  
Blue eyed  
20 dollar  
Show time  
High heels  
Red lips  
Drivin me wild  
She's my demon love  
Little demonia amor

She's my demon

Oh yea  
She get exactly what she  
Wants yea  
With that body that she flaunts  
Damn  
Ass shaking every time she walks  
Yea  
She's my, she's my demon love  
Devil in disguise

She's my, she's my demon love
