

This Ain't Love

Modern Day Escape

In my life I'm not letting go
No paranoid
The monster I have become

And I all I know is I'm coming clean
Please stop the lies I'm screaming
This ain't love no
It's a murder scene

It's a murder

This hole inside my chest
It keeps on caving in
My sins, my sins awakin' the demons
Help me

I have become the monster

And I all I know is I'm coming clean
Please stop the lies I'm screaming
This ain't love no
It's a murder scene

On and on my soul
Is strained from
The victims I'm hurting
couldn't avoid from
Turning black darkness consumes
And there's no turning back I tried

This ain't, this ain't love
It's just a murder scene
This ain't, this ain't love
It's just a murder scene
This ain't, this ain't love
It's just a murder scene

And I all I know is I'm coming clean
Please stop the lies I'm screaming
This ain't love no
It's a murder scene

It's a murder
It's a murder scene
It's a murder scene
