

Blister

Modern English

If you blister
Like I blister
Then I could follow
And up tomorrow

You blister my paint
Kiss me into pieces, pieces

And up, craving
Around this table
A new direction
That's not unstable
You murdered everything
You murdered everything
To you a blister
I must insist

You blister my paint
Kiss me into pieces, pieces
Put me in armor
Put me in armor
You blister my paint

(Do you blister)

You blister my paint
Kiss me into pieces, pieces
Put me in armor
Put me in armor
You blister my paint
