

Dance Of Devotion (A Love Song)

Modern English

You didn't know how much I wanted you
You didn't know how much I needed you
Shadows on the wall, staring from the bags
Pent-up frustration, failed to explode
Got a tear in the eye -
You didn't want me

You didn't know how much I wanted you
You didn't know how much I needed you
How much I longed for you
And from my head to my heart to the space above the door
You didn't know how much I wanted you
You didn't know how much I needed you

You didn't know?
You didn't know?
You didn't know?
You didn't know?
You didn't know?
You didn't know?
You didn't know?
You didn't know?
