Washed my hands ready for tea

Pleasant conversation

TV greeted me

Half past five, time for tea

Laid back in my chair

Out of the corner of my eye my mother stared at me

My father chuckled at my shoes

The cat spat unusually at me

I stood immediately

I saw someone with a knife

I saw him stab, stab [x17]

My mother shouted 'why?' as she fell

He wouldn't stop, stop [x17]

I washed my hands again, and again [x4]
