

Incident

Modern English

Old man walking
Old man thinking

Shattering stone structure
Old man's head bowed
A youth enters
Sees the head bowed
Taste of victory
Change, change, change

Old man doesn't feel
The blow strike
Hits the concrete
Stains it just right
Youth is happy
With the incident
Runs off laughing
Into the moonlight
Change, change, change

It's the usual incident [x13]
