

Mesh And Lace

Modern English

You left without time for me to see
The full event that took the place of me
I felt the pain, saw the strife
The walls moved in, my thoughts will spin

It's all the time now, there's no way out [x4]
No way out [x2]
I'm trapped, encased, entombed, mesh and lace

Trapped in a maze of mesh and lace [x4]

It's all the time now, there's no way out [x4]
No way out [x2]

Trapped in a maze of mesh and lace [x4]
