

Reflection

Modern English

'Twas a bright coloured morning
All reflection and brain
The horizon interrupted my drawing
Feeling low low low low low [x4]
In the fire
Now's the turnaround
Here's the warning
Have you seen too much today
Coming, going from the world again
Treat you to the view
Nothing new
Never, never go wanting

Stealing hearts away
What a rainy day
No, no, no nothing [x2]

Keeping it with you
Nothing comes of pain
No, no, no nothing

Feeling low low low low low [x4]
In the fire
Seeking, no, no
Nothing is there
In the fire
Nothing, no no no
In the fire

Nothing
