

The Lowdown

Modern English

Nothing is easy
Nothing is true
It always comes back to you
From a to b, avoiding what you see
That's the lowdown
That's the lowdown

It may be this way glitters like gold
Sits up and begs to be told
We got high but we never flew
That's the lowdown
That's the lowdown

Due attention has been paid
Too all mistake that have been made
Nothing is easy and nothing is true
It all comes back to you

That's the lowdown
That's the lowdown
[x2]

Due attention has been paid
Too all mistake that have been made
Nothing is easy and nothing is true
It all comes back to you

That's the lowdown
