

## Find a Way

Modern Life Is War

I believe I am here to create.  
Armed with love & knowledge I will find a way.  
If you believe you are here to create.  
Seek love & knowledge and you will find a way.  
If we believe we are here to create.  
Armed with love & knowledge we will find a way.

And I know there are those that would like  
to see me fail. I wish you health.  
I wish you wealth. I wish you could  
understand that there is nothing that  
you could do to me that's worse than  
what I've already done to myself.

The Old Fears are Still Here. Still  
New Frontiers are Still Waiting.  
If the Fear cripples You and  
You lose your chance to try.  
You'll have to live with your own  
Wasted Life.

I believe I am here to create.  
Armed with love & knowledge I will find a way.  
If you believe you are here to create.  
Seek love & knowledge and you will find a way.  
If we believe we are here to create.  
Armed with love & kinowledge we will find a way.
