Life Is Too Short

Modern Talking

Life is too short, don't throw it away Hear what I say, if you're lonely Stand up, if you fall down Please look around, you're not the only

Life is too short, don't lose your time The sun will shine, for your tomorrows You'll win, if you don't lose Try it again, forget your sorrows

There is a chance, make the best, out of your life
But it's so tough, only the strong, they will survive
There are always some good reasons to live for
Between the shadow, there's a light, you can't ignore
Don't cry a little, little, cry a little, little tonight

Life is too short, don't throw it away
Hear what I say, if you're lonely
Stand up, if you fall down
Please look around, you're not the only, baby, baby

Life is just too short, you can't run away Baby let me be your soul survivor Life is just to short, baby everyday Baby I will lift you, high and higher

No where to go you're always in my heart I swear
Baby I know, if you need me, I'll be there
I will never ever leave you alone, oh no
And we have so many reasons to go, oh no
Don't cry a little, little, cry a little, little tonight
