

## She Ionizes And Atomizes

Modest Mouse

She ionizes and atomizes  
Then turns to sunlight  
He realizes and itemizes  
Pulls harder than gravity  
She ionizes and atomizes  
Then turns to sunlight  
Flourescent lightbulbs will make  
An absense of dark, but  
The light just aint there still and she said  
"I'm feeling empty,  
The real lights can make you heavy but  
Never ever really empty  
Flourescent lights will always equal empty."
