

Burn

Modestep

(Oh my gosh)

Can you feel the fire
Burning burning
Can you feel the fire
Deep inside your thoughts
Can you feel the fire
Burning 'till its inside your brain
Can you feel the fire
Burning like a naked flame
Can you feel the fire
Smokin'
Can you feel the fire
Token'
Can you feel the fire
Burning 'till its inside your brain
Can you feel the fire
Burning like a naked flame

Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,

(Can you feel) scourging
When up in a minute torching
I'm taking a easy walking
The space are...
Up in the party yes
You can feel the fire
I can see your face
That's the place in the
Look at me man
I making a nine
And it's no way I do it now
On the fire starts
We can test those fireworks
That is what it?

Can you feel the fire
Burning burning
Can you feel the fire
Deep inside your thoughts
Can you feel the fire
Burning 'till its inside your brain

Can you feel the fire
Burning like a naked flame
Can you feel the fire

Smokin'
Can you feel the fire
Token'
Can you feel the fire
Burning 'till its inside your brain
Can you feel the fire
Burning like a naked flame

Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,
Take your time
One by one
Everybody get burn,

I'm not an artist
[?] maybe a half of this
And I don't get it on
I don't now what they are thinking
Then I am losing a part
Through the fire blazing blazing
No energy saving

Can you feel the fire
Burning burning
Can you feel the fire
Deep inside your thoughts
Can you feel the fire
Burning 'till its inside your brain
Can you feel the fire
Burning like a naked flame
Can you feel the fire
Smokin'
Can you feel the fire
Token'
Can you feel the fire
Burning 'till its inside your brain
Can you feel the fire
Burning like a naked flame
