

Going Nowhere

Modestep

I stood my ground
I've been working way too long just to tear it down
Hold my head up proud
As you stare into my eyes, I scream it loud

Because we ain't going nowhere
Going nowhere
Going nowhere

Where, where, where, where-
Going nowhere

Going nowhere
Going nowhere
Going nowhere
Going nowhere
Going nowhere
Going nowhere

As I fall from the clouds
As I push my legs, they hold me to the ground
Hold head up proud
As you stare into my eyes, I scream it loud

Because we ain't going nowhere
Going nowhere
Going nowhere

We ain't going nowhere
Going nowhere
Going nowhere

We ain't going nowhere
Going nowhere
Going nowhere

We ain't going nowhere
Going nowhere
Going nowhere

Where, where, where, where-
Going nowhere
