

Higher

Modestep

I'm higher
Higher with you
(I'm higher)
Higher with you
I'm higher
Higher with you
(I'm higher)
I'm higher, I'm higher

Riding through this night with you
I'm higher when I'm with you
So hold my hand, I'll take you through
I'm higher when I'm with you

You know I'm higher when I'm with you
(I'm higher when I'm with you)
I said I'm higher when I'm with you
(I'm higher when I'm with you)
You know I'm higher when I'm with you
(I'm higher when I'm with you)
I said I'm higher when I'm with you
With you, with you

I'm higher
Higher with you
(I'm higher)
I'm high above the bass, yeah
I'm higher
Higher with you
With you, with you, with you
(With you)

I'm high above the bass, yeah
I'm higher, I'm higher

Riding through this night with you
I'm higher when I'm with you
So hold my hand, I'll take you through
I'm higher when I'm with you

You know I'm higher when I'm with you
(I'm higher when I'm with you)
I said I'm higher when I'm with you
(I'm higher when I'm with you)
You know I'm higher when I'm with you
(I'm higher when I'm with you)
I said I'm higher when I'm with you
With you, with you

I'm higher
Higher with you
(I'm higher)
I'm high above the bass, yeah
I'm higher
Higher with you
With you, with you, with you
(With you)

I'm high above the bass, yeah
I'm higher, I'm higher

I'm higher
Higher with you
(I'm higher)
Higher with you
I'm higher
Higher with you
(I'm higher)
I'm higher, I'm higher
