

Nothing

Modestep

Nothing, nothing, nothing, nothing
Nothing, nothing, nothing, nothing
Nothing, nothing, nothing, nothing

My eyes roll back
I'm looking at my perfect world
This place was made for me
Nothing seems to come close
It's like
Nothing, nothing, nothing, nothing now
Could take me away from this place
Nothing, nothing, nothing, nothing now
Nothing could feel better than this
Nothing could feel better than this

Nothing could feel better than this

Nothing, nothing, nothing, nothing now
Nothing could feel better than this
Nothing, nothing, nothing, nothing now

My eyes roll back
I'm looking at my perfect world
This place was made for me
Nothing seems to come close
It's like
Nothing, nothing, nothing, nothing now
Could take me away from this place
Nothing, nothing, nothing, nothing now
Nothing could feel better than this
Nothing could feel better than this

Nothing, nothing, nothing, nothing
Nothing could feel better than this

Nothing, nothing, nothing, nothing now
Nothing, nothing, nothing, nothing now
Nothing, nothing, nothing, nothing now
Nothing, nothing, nothing, nothing now
