

# Slow Hand

Modestep

As the midnight moon is drifting through  
The lazy sweet cheeks  
I saw that look in your eye  
Looking into mine  
See what you want to see  
Darling, don't say a word  
Cause I've already heard  
Your body's saying to mine  
You've got a fast move  
Slow groove  
On your mind

You want a man with a slow hand  
You want a lover with an easy touch  
You want somebody who will spend some time  
Not come and go in a heated rush

You want a man with a slow hand  
You want a lover with an easy touch, yeah  
You want somebody who will spend some time  
Not come and go in a heated rush

You want a man with a slow hand  
Slow hand  
Slow hand  
You want a man with a slow hand  
Slow hand, slow hand, slow hand, slow hand  
Slow hand

You want a lover with a slow hand

You've got a man with a slow hand  
You've got a lover with an easy touch  
You've got somebody who will spend some time  
Not come and go in a heated rush

Shadow on the ground  
With no-one around  
The blanket of stars in your eyes  
We went drifting free  
Like two lost leaves  
With a crazy wind on the night  
Darling, don't say a word  
Cause I've already heard  
Your body's saying to mine  
You've got a fast move  
Slow groove  
On your mind

You want a man with a slow hand  
Slow hand  
Slow hand  
You want a man with a slow hand  
Slow hand, slow hand, slow hand, slow hand  
Slow hand

You've got a man with a slow hand

You've got a lover with an easy touch  
You've got somebody who will spend some time  
Not come and go in a heated rush

You've got a man with a slow hand  
You've got a lover with an easy touch  
You've got somebody who will spend some time  
Not come and go in a heated rush
